Лицензия iOS Developer Program

iOS Developer Program

The fastest path from code to customer.

Enroll Now **\$99/year**

1. Develop

Develop your application with the iOS SDK and a wealth of technical resources in the iOS Dev Center. [Learn more](#) ▶

2. Test

Test and debug your code on iPad, iPhone and iPod touch to finalize your applications. [Learn more](#) ▶

3. Distribute

Distribute your apps on the App Store and reach millions of iPad, iPhone, and iPod touch users. [Learn more](#) ▶

Developers Tell Their Story

Watch developers share how iOS changed what they thought was possible on a mobile platform.

Develop In-house iOS Apps For Your Enterprise

Learn about the Enterprise Program, designed for creating and distributing in-house apps.

Teach iOS Development at Your University

The University Program helps you introduce iOS development into your curriculum.

Create Electronic Accessories for iPod, iPhone, and iPad

Participate in the MFi Program to develop accessories that connect to iPod, iPhone, and iPad.

Enroll in the Apple Developer Programs

1. Register as an Apple Developer

If you have not already registered as an Apple Developer, we will walk you through the process so you can complete and submit your enrollment.

2. Select your Programs

Once you have registered as an Apple Developer, you will select a Program (or Programs) based on the platform you wish to develop for.

3. Complete your purchase

After purchasing your Program, you will receive an email from Apple Developer Support with information on how to access your Program resources.

[Continue](#)

Technical Requirement:

To develop with iOS SDK you must have an Intel-based Mac running Mac OS X Snow Leopard or later.

ID App IDs

[New App ID](#)

App IDs are an integral part of the iOS Development and Provisioning Process that allows an application to communicate with the Apple Push Notification service and/or an external hardware accessory. In addition, an App ID can also be used to share keychain data (such as passwords) between a suite of applications.

PrinterShare Premium - Phone Print: Application Submission Feedback

iPhone Developer Program to support show details Jul 4 Reply

Please include the line below in follow-up emails for this request.

Follow-up: 109733607

Dear Dynamix Software,

Thank you for submitting PrinterShare Premium - Phone Print to the App Store. We've reviewed your application and determined that we cannot post this version of your iPad application to the App Store because PrinterShare Premium - Phone Print is crashing on launch on iPad running iPhone OS 3.2 and iPhone 3GS running iOS 4.0 and Mac OS X 10.6.2.

Please refer to the attached crash logs.

For information on how to read a crash log, please see Tech Note TN2151 Understanding and Analyzing iPhone OS Application Crash Reports: http://developer.apple.com/iphone/library/technotes/tn2008/tn2151.html

Should you require technical assistance, you may use one of your Technical Support Incidents included in your iPhone Developer Program by sending an email to Apple Developer Technical Support at idp-dts@apple.com.

If you have any questions about this information, please feel free to reply to this email. We look forward to reviewing your revised application.

Sincerely,

App Review Team

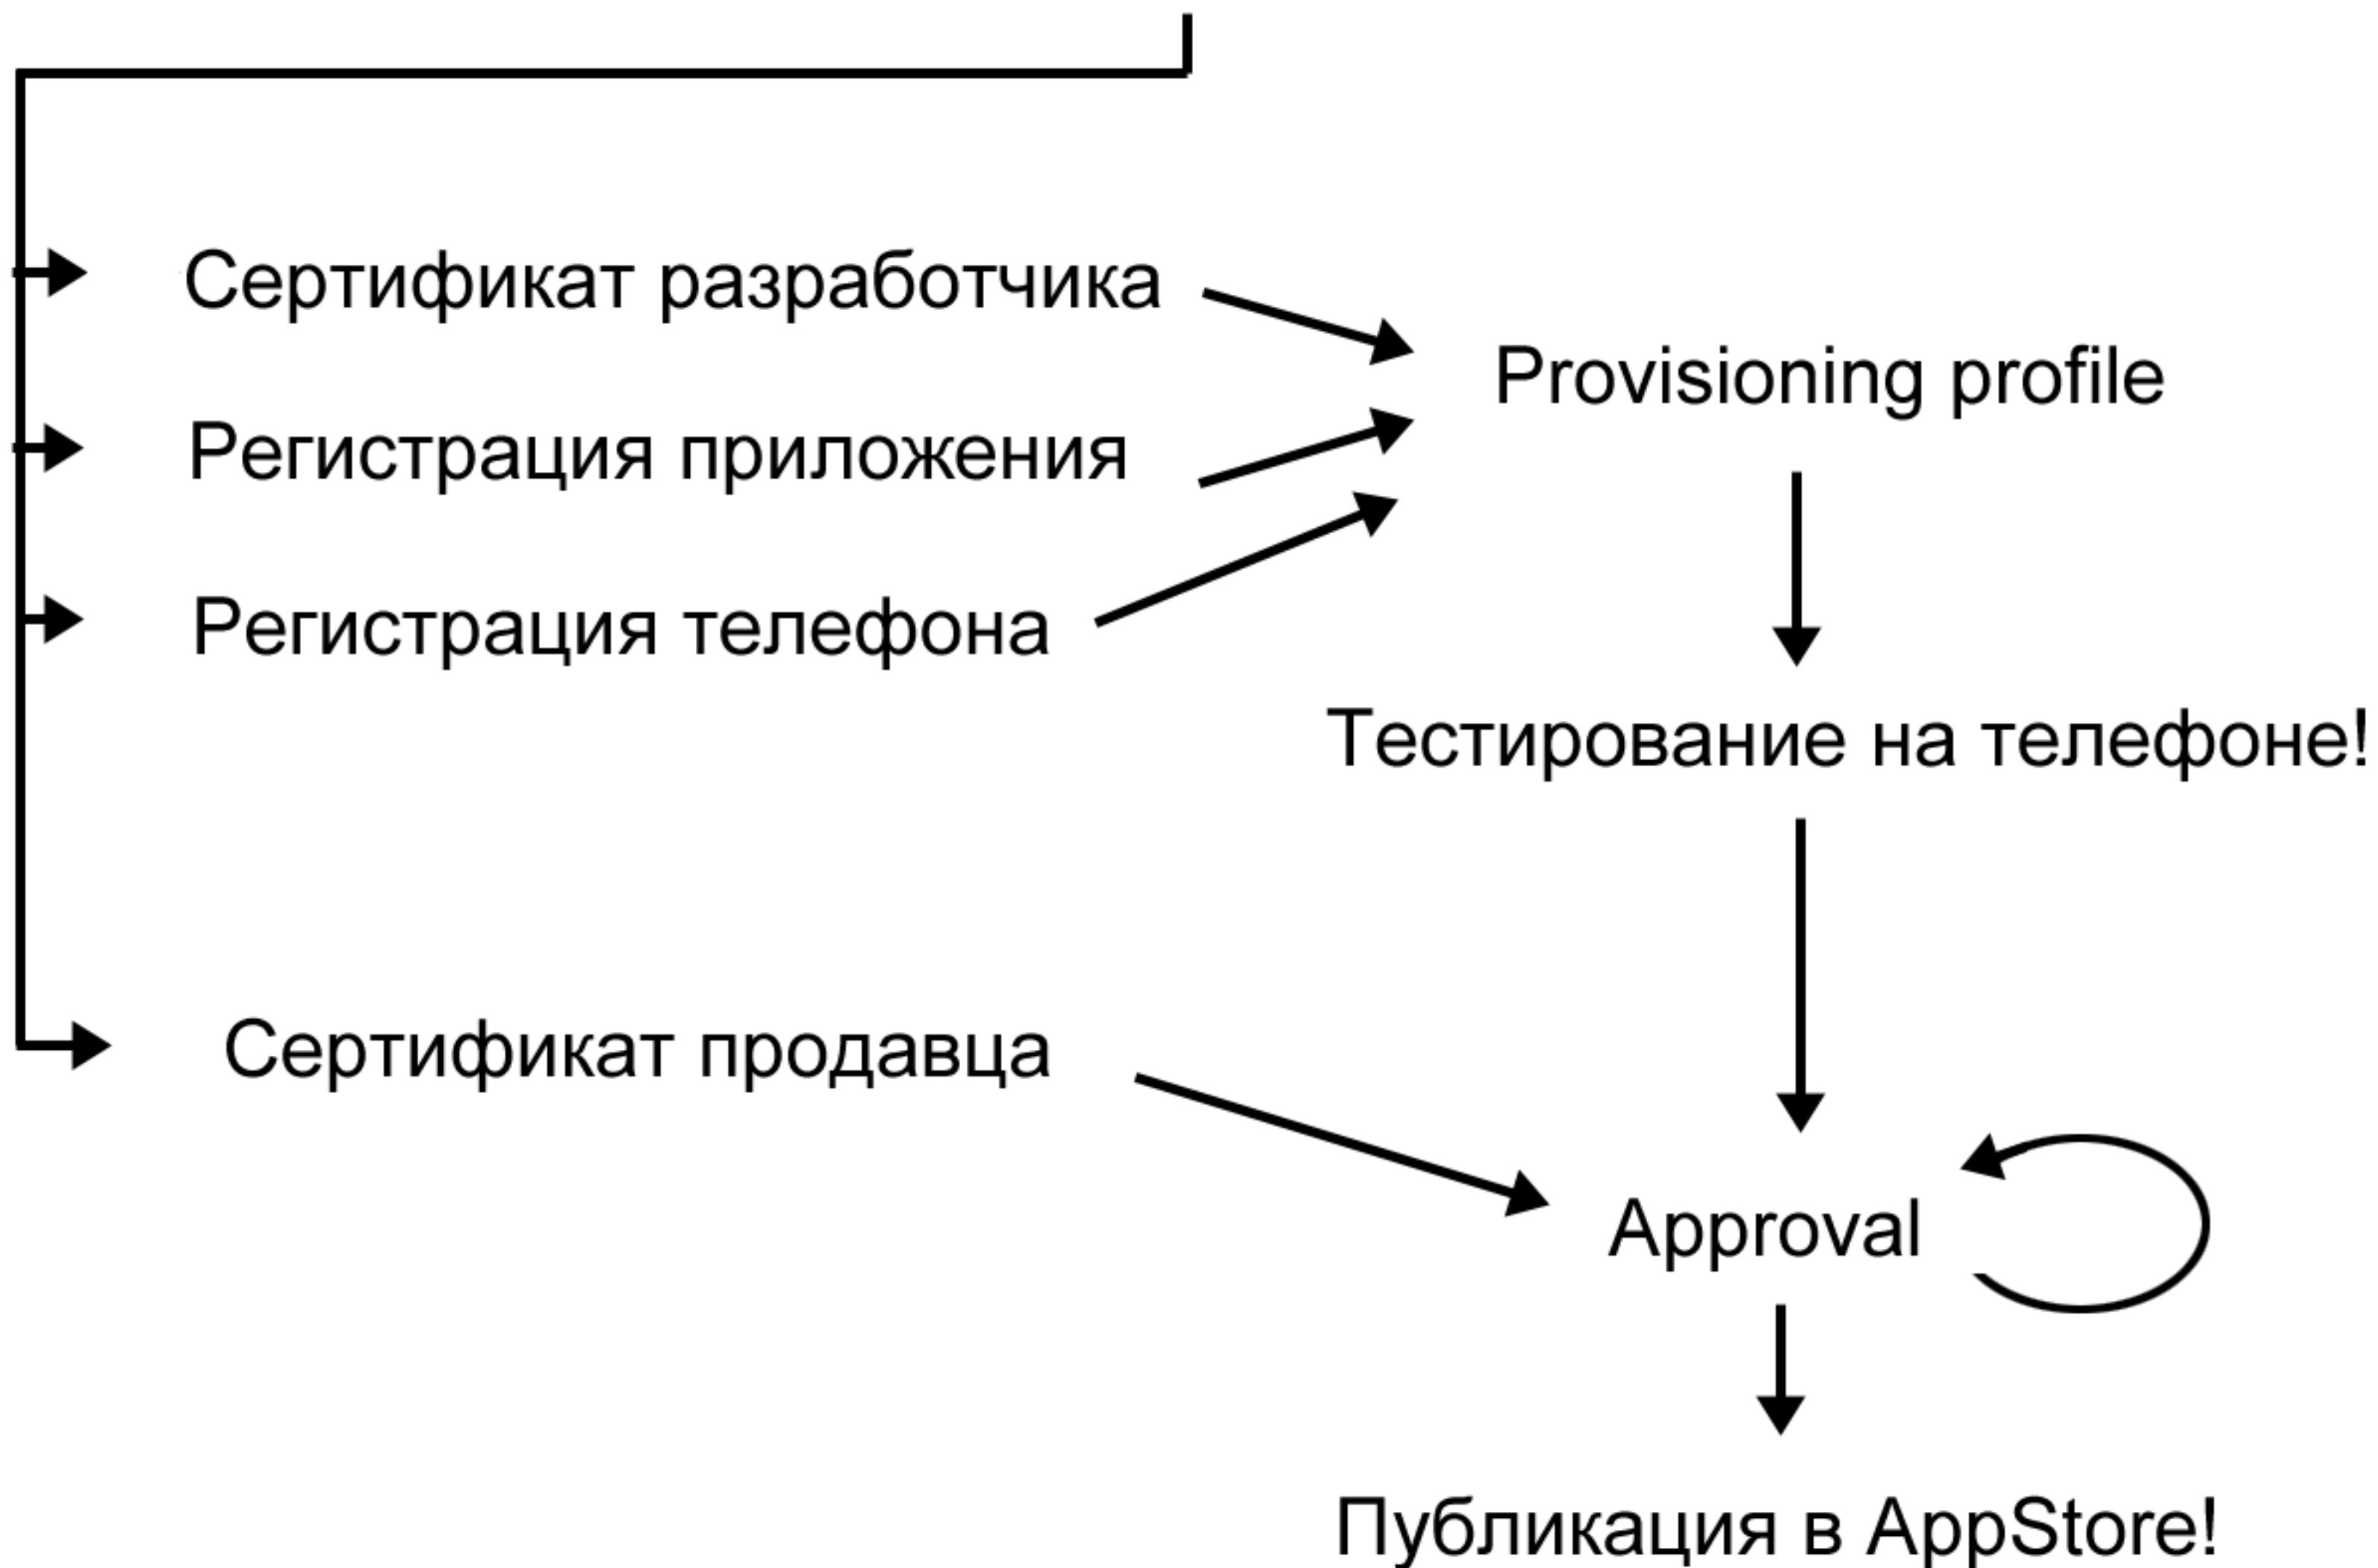

***** iPhone SDK 3.2 is available for developing applications for iPad, iPhone and iPod touch <http://developer.apple.com/iphone/> *****

Лицензия iOS Developer Program

Welcome, Dynamix Software

iTunes Connect provides tools to help manage your content in the App Store.

The iTunes Connect Mobile (ITC Mobile) app is now available as a free download so you can review your sales, related trends, and make informed business decisions anywhere on the go. Get the free [ITC Mobile app](#) and start reviewing your sales and related trends for your products on your iPhone today.

For instructions on how to use the app to its full potential see the [iTunes Connect Mobile User Guide](#).

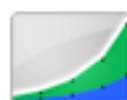

Want to help your chances of being featured on the App Store? The iTunes editorial team is always looking for apps to highlight. The criteria for an app being featured includes demonstrating technical excellence as well as having a strong App Store presence. You can improve your app's presence with engaging screenshots that clearly demonstrate the features and functionality that make your app unique, as well as with creative large and small icons that are free of any messaging (like "Sale", "Lite", or "Free").

iAd is a new mobile advertising platform that combines the emotion of TV ads with the interactivity of the web. For an opportunity to earn advertising revenue, join the iAd Network and enable ads in your applications. [Learn more](#).

To use iAd in your applications, your Team Agent must agree to the [iAd Network Contract](#). Note that you must agree to the latest version of the [iPhone Developer Program Agreement](#) before you can access the iAd Network Contract.

Sales and Trends

Preview or download your daily and weekly sales information here.

Contracts, Tax, & Banking Information

Request Contracts and manage your contact, banking and tax information.

Payments and Financial Reports

View and download your monthly financial reports and payments.

Manage Users

Create and manage both iTunes Connect and In App Purchase Test User accounts.

Manage Your Applications

Add, view, and manage your applications in the iTunes Store.

Manage Your In App Purchases

Create and manage In App Purchases for paid applications.

Request Promotional Codes

Get codes that will give you free downloads of your applications.

Contact Us

Having a problem uploading your application? Can't find a Finance Report? Use our Contact Us system to find an answer to your question or to generate a question to an iTunes Rep
